Dear friends,

We are class **4A** of primary school called **Osnovna Škola "Ljudevit Gaj"** in Krapina, Croatia. There are 27 of us in this class and we are all aged from 9-10 years old. There are 11 boys and 16 girls in our class.

We love to play games and have fun and we all help each other whenever we can. We have a lot of different hobbies amongst us and we'll mention a few: Diana loves to do animation drawing; Laura likes to create trouble and to prank people ☺; Mia trains swimming and Maik and Luka love to climb everything they can. Furthermore, Vedran is a passionate Minecraft player; Leo loves to mow his yard; Kris is a great goalkeeper; Hana speaks English really well and Lana has a lot of cousins.

We all love animals but the most interesting are Luka who has a sea turtle and Nika who has 4 cats. We also love sports and three of us dance in a folklore dance group, two of us play basketball, five play football, four train gymnastics, three handball and eleven of us ride our tractors at home regularly. All of us play video games and we spend a lot of time on our phone or computers doing that, when we're not outside or in school.

Our school is quite big and it's in a very old building with high ceilings. Most of our parents went to this same school when they were our age. We love the school because it's very spacious and there are lots of stairs in it.

We come from a beautiful little town called Krapina. Krapina has a lot of monuments and cultural significance in the human history. We love our town because of all the old buildings and historical monuments.

We hope you like our bookmarks which depict some of the national and regional symbols of Croatia, and our region – Zagorje.

Lots of love from,

Class 4A
