Hello from Krapina!

We are in the 4th grade (**4B**) and we are mostly ten years old. We are all good friends. We like playing football, watching cartoons, playing computer games, dancing, singing and animals. We study hard and we are trying to be good in school.

We go to the Ljudevit Gaj Krapina Elementary school. Our school is more than 100 years old, but it is a very beautiful school. It was named after Ljudevit Gaj, who was born in Krapina. He created the grounds for the Croatian language 150 years ago.

This school year we have 585 students in our school.

Krapina is the centre of Zagorje County. It is a county in northern Croatia. Today about 13,000 people live in the town of Krapina. It is a small town with very wealthy history and beautiful landscape. Here you can see one of the most modern museums in Croatia and central Europe - Neanderthal museum, the mediaeval fortress - Old Town, small hills, vineyards and old nearby castles...

Croatia is a country at the crossroads of Central Europe, Southeast Europe, and the Mediterranean. We are members of the EU since 2013. Our capital city is Zagreb.

There are a lot of beautiful sights in our country, many of them are protected by UNESCO. We also have a lot of national parks and nature reserves: Dubrovnik with its Walls, Split with Diocletian palace, Pula with Amphitheatre and our gorgeous Adriatic coast with around thousand islands are just some of the reasons why Croatia is special.

We will show you some of our symbols on our bookmarks.

Best regards!

Your friends from Croatia, Krapina!

Teachers:

Suzana Pracaić, school librarian

Božica Horvat, pedagogue

Aleksandra Podsečki, special education teacher

Anica Poslon, teacher of 4.B

Lidija Ranogajec, english teacher

Principal:

Dragica Belošević
