Dear friends,

We are class **4L** in a very small school called Primary School Lepajci. Our school only has 4 classes in it. Form 1 - 4 class. We start primary school when we are 7 years old (or 6) and we finish 4th class usually when we are 10 or 11 years old. Then we continue school in Primary School Krapina, which is a bigger school and further away from our village Lepajci.

There are 8 of us in class, 2 girls and 6 boys. We love our school because it's very close to where we live, it's small so we can't get lost in it. But every classroom has enough space for us to play in it and we have a big schoolyard and playground for our P.E. classes. We are a great class and we all get along great. We are very smart but sometimes naughty. Sometimes it's boring during classes because we are not interested in what we have to study and then we „go wild“ and the teacher isn't really happy. But we all work as a team and we are the oldest students in school. We all take care of each other and since we live close by, we hang out after school as well and play together.

We love to play football and we play it all together during P.E., we also love handball and rollerskating. We also play games on our PCs and mobil phones and our favourite games are Minecraft and GTA 5.

We love animals and 4 of us have dogs, 3 of us have a cat, the two girls have a rabbit as a pet, and boy Lovro has 2 parrots. 😊

We live in a hilly countryside and we love our hometowns and villages. Boy Saša lives up a steep hill so he doesn't like walking home from school because his legs hurt, but we all love that there are lots of woods and lots of greenery around. We can play in meadows and in forests and take long walks in nature. Are favourite game of all is hide and seek!

We hope you'll enjoy the bookmarks we made for you. They depict our national and regional symbols.

Lots of love,

Class 4L
